HER DOWNTOWN KEYWORD: **PASSION.**

FROM MUSIC DRIFTING through Plaza de Cesar Chavez Park on a Saturday afternoon, to artwork coming alive inside of Works/San Jose, to spicy food sizzling on hot plates at the House of Siam; the DOWNTOWN SAN JOSE I know is expressed through the passion in the hearts of the people. There is a celebration of culture and diversity on every corner, as is in the soul of the city.

SAMANTHA LÊ is a writer, artist and graphic designer inspired by the passion in the hearts of the people of **downtown San Jose**.
